

RED WING SHOE CARE

EXTEND THE LIFE OF YOUR BOOTS

STEP 1: CLEAN

Apply Foam Leather Cleaner with a cloth or brush.

Wipe cleaner away with a damp cloth and allow leather to dry.

STEP 2: CONDITION

Apply a light, even coat of Boot Oil, Mink Oil, All Natural Leather Conditioner, or Leather Cream to leather with fingers, cloth, or sponge.

Leave it 30-60 min and let the oil penetrate in the leather.

STEP 3 : PROTECT

Lightly mist footwear with Leather Protector six to eight inches away from the leather in a sweeping motion.
